

About The Emblem Membership

The entire "raison d'être" behind The Emblem Hotel is the notion that we are a place for networking, creating new acquaintances, gaining knowledge, and acquiring new sources of information, and we want to be a place where everyone feels at home. To develop this notion further, we've created The Emblem Membership. With this membership, anybody (regardless if they are staying overnight with us or not) has a chance to be a part of our community and to help us to develop this notion further by creating an environment that facilitates this belief.

The membership rate includes accommodation, discounts, and more--all centered around services that we offer, which make up the whole "Emblem Experience." As a member, we hope you enjoy your new home-away-from-home.
